

## MODERN SLAVERY STATEMENT

### Introduction

Modern Slavery Act legislation prohibits slavery, servitude, forced or compulsory labour and human trafficking (collectively known as “Modern Slavery”). Modern Slavery is an international crime, affecting around an estimated 30 million slaves around the world and is a growing global issue that transcends age, gender and ethnicities. It includes victims brought from overseas and vulnerable people, forced to work illegally against their will across many different industry and service sectors. Vantage Tags Ltd is committed to protecting and respecting human rights and has a zero-tolerance approach to Modern Slavery in all its forms. This statement is made according to Section 54, Part 6 of the UK Modern Slavery Act and sets out the steps taken concerning slavery and human trafficking during the financial year ending December 2020 and its general approach to the issue of Modern Slavery. Vantage Tags Ltd is headquartered in the UK. This Modern Slavery Statement applies to all of Vantage Tags Ltd operations and locations. The Managing Director, who will review and update it annually, has approved this statement.

### Supply Chain and Adherence to Values

The majority of Vantage Tags Ltd relationships with members of the supply chain have been established over several years or are Client nominated. Vantage Tags Ltd has a supplier approval and evaluation process in place. As and when it has new contractors or suppliers come on board, it conducts due diligence on them through a series of checks which can include but not be limited to company performance, compliance – including HSEQ and references from other customers to establish suitability. To date, Vantage Tags Ltd is not aware of any human trafficking/slavery activities within its supply chain but if any were highlighted to it then it would act immediately under its legal and moral obligations.

Due to the nature of its business and supplies, as well as Vantage Tags Ltd’s approach to governance, it considers the risk of Modern Slavery to be very low however, it continues to review periodically the effectiveness of the relevant policies and procedures that it has in place.

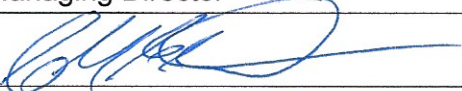

### Company’s Policies and Procedures
